✓ GEMS OF THE ADRIATIC. 618
(Split Rock) FEB - 1131

THE Adriatic is one of the most ancient bodies of water. It has a history dating far beyond the Roman Era. The leading seaport of Dalmatia is Spalato, the country residence of the Roman Emperor Diocletian. It is an interesting combination of the Old and the New World. Salona is another ancient and modern city. The pillars of ancient public buildings are extremely picturesque in panorama.
